NEMPI (SMP) Mission Statement	Passed

Write-in Comments:

(Write-in) 34510 and 95010
(Write-in) I can't understand why 34510 advisory fee is so high
(Write-in) 95011 you asked for the monies back then found no other charity to give it too!
(Write-in) 34510 seams a bit high
(Write-in) 34510 advisory fee \$19,400.00 this seems to be a big chunk of our income on investments. i would like it to be explained and investigate if we can cut this down.
(Write-in) 95011 need different charity that will adhere to how the money spent. might consider "toe tag monologues"
(Write-in) 34510 advisory fee. if this is for financial advice, it is 92% of the dividend/interest amount. 95011 the state foster program monies do not go state wide, only to rural counties. there are parts within clark co. (urban) that are rural per usda
(Write-in) Item 34510 advisory fee \$19,400. If we are earning \$21,000 on our investment and we are paying someone \$21,000 for "advisory fee", we are in effect only earning 1600 on a million + dollar investment, this makes no sense.
(Write-in) No to safe haven
(Write-in) No on 95011: federal and state funding as well as private donations are already available for the safe haven program. an alternative program, toe tag monologues has minimal funding at present and much broader impact.
(Write-in) My vote is no. too many issues with line item 95011. all other line items are fine

(Write-in) Item 34510 of \$19,400 for advisory fees is 50% of what is expected to be collected by members. i cannot in good faith go to my members and state to please donate to smp and, by the way, 50 cents on the dollar goes to advisory fees.

(Write-in) Will there be smp luncheon, what are advisory fees?

(Write-in) No confidence

(Write-in) Concerns with #95011 and 34510. all other line items ok.

(Write-in) Concerns with line items #34510 and #95011. all others good. thank you.

(Write-in) Our lodge does not approve of this program, so we would have to mark all line items.

(Write-in) The current year of the virus and self quarantine has hurt all of the lodges no incurring expenses are necessary

(Write-in) No 95011
