Subject: Nevada State Elks Association President Annual Meeting Report

I am very pleased that the NSEA is finishing the year with enthusiasm and increased membership, over 6100 total, outstanding. Most lodges in Nevada started off slow, but the end of the year figures show that we picked up the pace and worked hard to make this increase happen.

Since the Midterm Meeting, Mary and I finish out our lodge visitations. We attended the State Hoop Shoot competition in Hawthorne and the Regional Hoop Shoot competition in Boulder City. The first of March took us to the Utah Spring Meeting at St. George "Dixie" Lodge in St. George, UT. Where we met a wonderful group of Elk's and enjoyed our visit with the Utah LOE. March ended with the Installation of new Officers at Sparks and Tahoe Douglas Lodges.

April brought us to the closing of our term, working with the Boulder City Lodge to complete the final tasks for NSEA Annual meeting. Also working with the Officers of the Association to close out the year via phone calls, text messages, emails and Zoom meetings.

My spread sheet itemizing the hours miles and expenses is attached. The totals for the second half of the year are:

Hours – 312 Miles – 4295 Expenses: \$4,607.00

Grand total for the year:

Hours - 1,338.5 Miles – 14,457 Expenses - \$10,569.52

In closing my year as NSEA President, I look forward to working with our new President Debbie Oskin, all elected officers, and committee chairs this new year.

Fraternally yours,

Danny Wells, NSEA President

ACCIDENT PREVENTION/INSURANCE RISK NEVADA STATE ELKS ASSOCIATION

April 20, 2022

Dignitaries and Members All;

It is my honor to give this report as Accident Prevention and Insurance Risk - Vice Chair - North.

Out of 16 lodges in Nevada, we received report from 8 Lodges. This is not an improvement from the last reporting period. I was able to assist one lodge navigate to the repost page.

One Lodge reported (3) three incidents; two trip and fall and one On the Job injury.

Just as a reminder, the Grand Lodge requires that each local lodge has an Accident Prevention/Insurance Risk Manager within the Lodge. One of your Trustees should fill this position. Your manager is required to perform monthly Lodge Self-safety Inspections which are reviewed at the District Deputy's visit each year. Please make sure that any problems found during the monthly inspection are corrected as soon as possible to protect your lodge and precious members. Your manager is also responsible to make sure that incident reports are readily available, properly filled out and submitted when required.

To the Lodges who forgot to do your reports, the Accident Report is the easiest one you have to do. If you don't know how to enter it on the NSEA site, please call or email me and I will happy to help you.

To the reporting lodges, keep up the good work! To the rest of you, get your reports in!

Hours: 4 hrs.

Miles: 735.

President Dan Wells, Distinguished Guest and Members

This has been a very challenging and busy year recovering from the effects of the COVID-19 virus plaguing us. I filled in as the Auditor to the DDGER due to Sue Buffamonte's passing. Other than the normal lodge DDGER visits a great deal of time was spent assisting the lodges with implementing the new Financial Reporting System (FRS). The greatest amount of work was spent cleaning up the current lodge books and accounts.

For lodge year 2021-22 we still have a few lodges with issues being corrected with FRS system. These issues need to be cleaned up to accomplish positive results for this years FRS upload and taxes. It should be noted before the lodge taxes can be uploaded to Grand Lodge they must be submitted to the DDGER along with the lodge balance sheet used for preparation of the taxes. Those documents along with the FRS report will be reviewed for matching numbers. Only after all numbers matched are the taxes to be uploaded. A new upload will be required to FRS system to handle any adjustment your accountant may have recommended during the preparation of the lodge taxes. Failure to do this will cause your upload to be flagged "Pending".

It should be noted no extensions will be granted this year beyond 1 August. This includes any extensions the lodge may have received from the IRS. As a result of the errors found during the conversion to the FRS system I cannot stress more the importance of selecting qualified Accounting Firm to prepare your annual taxes.

We continue to express the importance of properly reporting Unrelated Business Income (UBI). It is extremely important for the lodges renting their facilities to separate the rental agreement from the food and beverage service agreement to help prevent the lodge being charged UBI taxes on the total of the rental. UBI is one of the first things the IRS looks for in an audit of your lodge. Another area of concern is not reporting and paying Use Tax on goods purchase outside the state without sales tax being charged and using the goods in the state. A prime example of this is materials purchased from Grand Lodge - all require use tax to be paid. As with the IRS the first thing the State Franchise Tax Board looks for is unpaid Use Tax. It almost guaranteed something will be found in both cases giving cause for further digging.

ANNUAL REPORT

APRIL 23,

As of 31 March 2022

President Danny,

The good news is that all procedures are up to date. Under New Business I will submit for approval two proposals submitted by the PDDGER Rick Stone on behalf of the Board of Trustees. One By Law changes the duties of the Trustees concerning Reviews and Reports. The second proposal establishes the NSEA Photographer as an Official Association Committee and defines the duties for that position. A rewrite of the Constitution and By Laws as a General Revision will be requested along with the changes, if approved! This will allow all changes to be incorporated into a clean document so to speak.

Anyone with concerns or suggestions should get in touch with me, in writing 60 days prior to the Midterm Meeting to allow notification to all Lodges.

Thank you President Danny for allowing me to serve this Association..

Fraternally submitted,

MEMORANDUM FOR: Member Lodges, Past State Presidents, and Officers of the
Nevada State Elks Association (Association)

SUBJECT: Proposed Revisions to the Bylaws of the Association.

I am sending copies of the proposals to amend the Bylaws of the Association. The Bylaw changes modify the duties as assigned to the Trustees for review of records and establishes the position of NSEA Photographer along with the duties and provides a monetary allowance for the NSEA Photographer.

BYLAWS Change #1

ARTICLE VII – DUTIES OF OFFICERS

(d) delete as written and revise as:

~~Act as the auditing agency for the Association by annually providing for audit services, and in such a manner and at such time(s) as the President may direct or said Trustees deem practical or necessary, said audits shall be performed on the records and holdings, if any, of each officer and committee of the Association in charge of funds or other assets, and said Trustees shall include an audit report with its annual report.~~

Ensure the finances of the Association are being conducted correctly by annually providing for a review of the Treasurer and at such time(s) as the President may direct or said Trustees deem practical or necessary, said review shall be performed by either an internal or external entity as chosen by the Trustees. The review will include the records and holdings, if any, of each officer and committee of the Association in charge of funds or other assets and said Trustees shall include a review report with its annual report.

Financial impact: To be determined if external review is required.

Arguments for passage: Allows the Trustees to determine if external review is needed and allows them to proceed.

Arguments against passage: None

This proposal was presented by Rick Stone for the Trustees in order to clarify their duties in regards to Reviews and Reports.

Proposal 2 & 3 was presented by Rick Stone for the Trustees in order to clarify the duties and position for an Association Photographer.

BYLAWS Change #2

ARTICLE IX - COMMITTEES

Section 1 - Listing:

Change (q) Special Committees to (r) Special Committees;

Insert (q) NSEA Photographer;

BYLAWS Change #3

ARTICLE X - DUTIES OF COMMITTEES

Insert

Section - 18 NSEA Photographer: The Photographer records in photographs, the events and people attending NSEA meetings and social events and shares them with NSEA membership. The photographer shall be allowed a payment not to exceed Two hundred and fifty dollars (\$250.00) per annum for reimbursement of expenses, payable annually, but shall not be allowed any additional moneys as and or necessary personal expenses incurred in the conduct of the affairs of the office.

Renumber **Section 18 – Special Committees as Section 19 – Special Committees:**

Argument for: The photographer position has been filled for years as a volunteer position only. This will make it an Official NSEA position and allow for reimbursement of expenses.

Argument against: None

Financial impact: It would increase the budget by \$250.

It is respectfully requested that these documents be reviewed by your Lodge membership, and or individually as appropriate, and that your Representatives and Delegates be prepared to vote on the proposed changes at the upcoming Annual Business Meeting scheduled for April 23, 2022, at Boulder City Lodge No. 1682.

Lodge of the year Report

The 2020-2021 Lodge of the Year participants were calculated and the winning Lodge was Reno Lodge 597.

Three Lodges sent back the needed information to be considered for this award.

After 26 years, I'm still looking for the year with 100% participation.

The official participation form must be sent back to me in order to be considered for this award.

Its easy to be the Lodge of the Year for Nevada, Just do Elk stuff.

The Exalted Rulers will receive a letter from me with the list of items the Lodge will be judged on for Lodge of the Year.

Do the things that are on the list and do it better then the other Lodges and you will win.

I serve at the discretion of the State President, and will continue to serve until I am no longer needed.

President Wells, Distinguished Guests and Members,

This report is to inform you of the activities of the Nevada State Elks Association Ritual Committee. Unfortunately, due to the COVID19 pandemic and activities not being back to normal, we were only able to hold one ritual clinic but was able to get all of our judges recertified on time. As for the ritual competition that was to be held this year at this convention, I had one lodge commit to competing. Reno Lodge performed the Initiatory Ritual yesterday and will be representing the State of Nevada at the Grand Lodge Convention in Atlanta, Georgia. Thank you to the Officers and Coaches of Reno Lodge for their dedication to Ritual.

As for hours and miles contributed, I have contributed approximately 89 hours and 412 miles.

President Danny, thank you for putting your trust in me for this position and President-Elect Debbie, I look forward to working with your choice for Ritual Chairman and making the transition for the upcoming year.

Dear NSEA Members.

This is a compilation from the reports posted on our web site as of April 21, 2022

Reno Lodge #597 hosted a Retired Air National Guard Breakfast. Las Vegas Lodge #1468 volunteered at Kids Kitchen at Three Square Food Bank. These activities reflect only a thumb nail of the charitable work our lodges perform. See attached for a full list of activities.

Citizen of the Year Committee Report – April 23, 2022

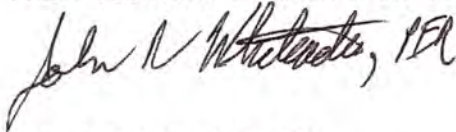

I sent a letter on October 28, 2021 reminding the Lodges of the Citizen of the Year program. I requested the Lodge inform me who the award winner was so I could publish their name and what they had done

I have only heard from the Reno Lodge about their selection for Citizen of the Year. Dawn Forbus was selected for her many years of work with Honor Flight. I only got this information from "The Call for April 2022" which is the Lodge newsletter.

For all the Lodges who awarded a Citizen of the Year great job. Now the next step is to get the news of the selection out to the public. This program is designed by Grand Lodge to help inform the public how Elks work with their Local Community. Did you do a news release, did you have an event to honor the award winner and invite the press. As no one notified me, so I could not send a report to Grand Lodge informing it of Nevada's participation in the program.

From April 1, 2021 to March 31, 2022, 15.5 hours (13.5 Elk hours and 2.0 Non-Elk hours) have been spent on Citizen of the Year activities. A total of ¹⁷⁵⁰~~12~~ miles have been driven (¹⁷⁴⁴~~6~~ miles Elks and 6 miles Non-Elk).

I have submitted a Citizen of the Year Manual for approval.

Nevada Elks and Guests,

This last year the United States had more than one hundred thousand overdose deaths this puts opioid death as the number one cause of death in the United States. With the new threat of counterfeit drugs flooding into the US that have a lethal dose of fentanyl in 4 out of ten pills, that number will be surpassed. Most likely everyone in this room will know someone who will die from an overdose this year. The Lodges must get more active in prevention education so that we can prevent the useless deaths!

For this report there were 30 events with 215 Elks and 231 Non-elks, totaling 1407 Elk hours and 1111 non-elk hours and 3747 Elk miles and 2394 non-elk miles. 10,105 pieces of literature distributed to 36,384 participants. The Trailers were used 9 times along with 10 Elroy appearances. There were 27 public relation articles submitted.

As state chair I had 29 activities with 3 Elks and 2 non-elks with a total of 104 Elk hours and 8.5 non-elk hours. There were 3173 Elk miles and 34 non-elk miles and 1 public relations.

Thank you, President Danny

Reno, Hawthorne and Boulder City Lodges hosted the respective District competitions and were a tremendous success. Hawthorne Lodge – Nelson Wasserman conducted their District in Austin, Nevada. Boulder City – Debbie Stolpe conducted the Southern District and Regional Competition. A huge thank you to Hawthorne and Boulder City.

As your State Director, I traveled 2388 miles for District competitions in Austin, Boulder City; State in Hawthorne and Regionals in Boulder City. Countless hours (300) calling 15 lodge directors and Exalted Rulers which in the end qualified one young man for Nationals. My wife and I will represent Nevada and support our 10-11 boys family in Chicago on April 30, 2022.

Hello Members and guests,

I am Ron Douglass, NSEA Directory chair. This past year we mailed and handed out 230 directories and will be doing the same this year.

I urge all Lodge Secretaries to please make sure that all the information in CLEMS for your Officers and Chair Persons is correct, as I and Bill Wiseman received many calls and emails in the past year regarding incorrect information in the directory. All the information in the directories comes from CLEMS, so please make sure it is correct before the 1st of May, as this is when we will be sending it out to the printer.

Also, our mailing cost for these directories has become an issue. In trying to keep this within budget, last year I started when mailing the directories to the lodges enclosing all lodge copies in the priority mail box, in separate envelopes inside the box with the name on the outside identifying who each directory is intended to go to, so please pass these out to the named person on the envelopes.

And let's have a successful last half of this Lodge Year.

Respectfully Submitted,

Ronald Douglass PER Directory chair.

Good morning, President Dan Wells, delegates and members

We have had a great year coming off a year of challenges with COVID. Our NV state lodges have been busy and having one success after another. I would like to thank the lodges who have contributed to the newsletter and the lodges who send their lodge newsletter each month. Every lodge has events going on and what better way to share these events then in our local and state newsletter.

Please continue to send your events you have done or events you have upcoming and let share them with everyone. Send those events to khoss70@gmail.com and share them. As you plan these events send a copy to me as a save the date item or a recap of the event. These are the events you want to share. This could be a valuable tool for not only the NSEA newsletter but also other lodges who may have members who are planning a getaway and may be able to participate while in town.

The NSEA Newsletter will be released this coming week and the next deadline will be June 10th. I would like to ask the current officers and chairman of the NSEA to submit an article on the past year they have served our State.

Remember to share it could help our fellow lodges with events and opportunities to learn new things.

Thank you

President Dan Wells, Distinguished Guest and Members

The NSEA website (nsea-elks.org) continues to be used as a tool to support the efforts of the NSEA Offices Committees. We have now gone over 90,000 viewings on the site. The website continues to play very important role in much needed communications with our members. Improvements are continuing to be made to the site. NSEA Training program has increased the number of questions to 160 on a total of seven tests. The use of the site for reporting lodge State Committee Reports to the NSEA has improved some since the last convention. We continue to encourage the lodge to use the reporting system. It was necessary to change the ID and password on the protected pages to provide better security.

A COVI-19 Information page plus additional information for St. Jude's Ranch for Children was been added to the site. We continue to keep the Grand Lodge Manuals current on the site. The NSEA Website Manual published in 2009 has been updated along with a new manual for the NSEA Committee Report page.

Thanks to NSEA Photographer Bruce Lafferty and John Loetterle we now have over 50,000 photos in a total of 45 photo albums. We need each of the Lodges to get me their current list of members that are Veterans so we can bring our site current. We need name, rank and the calendar years they served. It is important we show our appreciation by keeping our site current.

Remember this is your web site; I need your comments, ideas and/or suggestions as to what you would like to see on the site. Our site continues to get top recognition.

Sincerely and fraternally,

Bill Wiseman, PSP
NSEA Webmaster

LATE LAUGHLIN REPORT

General Comments:

As always, there are a wide variety of youth activities sponsored by our lodges. These include Boy and Girl Scout programs, essay contests, student of the month recognitions, providing school items, dictionary programs, athletic events, holiday events, youth dinners, support for foster programs, as well as incorporation of youth activities for other cherished Elks causes and programs. All of these preparing our youth to be better as individuals and citizens.

I am impressed with the dedication of so many of our Youth Activity lodge chairs, their zeal in working with the youth, and their dedication to both working to comply with COVID restrictions and restore previous activities that were dampened during the pandemic.

Of particular note, Mesquite Lodge #2811 had a wide variety of activities including Trunk or Treat event, family fun nights, supporting a little league team and appreciations dinners for the youth. Excellent activities not only serving our youth but also incorporation of their families.

Hawthorne Lodge #1704 may have tested the limits of sanity, working with Boy Scouts to take them not just to Death Valley, but also to Yellowstone Park. As a former Boy Scout, I testify to you, that is a lot of miles with an exuberant group.

Laughlin Lodge #2872 continues to be a force for good with the youth, especially with their Read to Succeed program that was modified to get books to youth at home during COVID, and which has grown to now include their own classroom within the school. In addition, they have provided back to school backpacks for their youth.

Ely Lodge #1469 has been very diligent in highlighting the youth, selecting male and female students of the month at each of three schools as well as with their dictionary program, reaching hundreds of students.

Each youth activity by each of the lodges has great potential for lasting impact. Impact that can encourage, that can educate, challenge, foster and mold our young people. An impact that goes far beyond a tally of hours given or miles traveled. Thank you to all of the lodges and their members who move this good work along.

Fraternally,

Ty Trouten, PER

NSEA Public Relations State Report

April 22, 2022

NSEA President Dan Wells,

Public Relations have improved in Nevada after the disruptions of COVID-19 that closed down a lot of lodges last year. I want to give a special thanks to all my public relations lodge chairs for stepping up, by not only getting their reports into me in a timely manner, but submitting articles to the media. Most lodges had 100% reporting, all year long, with a few not being quite there. Towards the end of this year I have noticed a decline in reporting which puts our State on par with the year before. It is a work in progress and I am addressing that issue with each public relations chair in an attempt to have 100% reporting EVERY month. I have simplified the report to make it easier on the chairs to get their reports into me. All in all, as a group we did a really great job communicating, while having to endure COVID-19 restrictions.

The Elks have held fewer events due to COVID-19 lodge closures, but what few we've had we did a good job promoting and relaying the good deeds we have done for our respective communities. I expect to see media reporting improve now that most lodges are opening up. Also along with this increase in reporting I hope that each lodge, that I had hoped would improve. Hopefully the public relations chairs will improve by next year. The public relations chairs have submitted, since April 1st -2021 until March 31st, 2022, 669 news articles which is up from the year before. Also the Elks have been represented on TV 92 times and 176 times on the radio, both figures being up from the year before. There have been 3,419 e-mails, lodge website articles and Lodge Facebook posts promoting the Elks, which showed a vast improvement from the year before. Our State Elks also had 13,785 other types of promotions not described in the prior categories. This figure almost doubled from the prior year's figure due to training the public relations chairs what to count. There were numerous situations being overlooked by the chairs due to lack of knowledge. The public relations chair members have volunteered 2,616 hours and drove 7,037 miles to achieve this accomplishment. Both these figures improved dramatically from the year before, proving that the PR chairs have put forth more effort in informing the public what the Elks do.

To: **Fellow NSEA Members, President Wells, Distinguished Guests, Past Grand Exalter Ruler and State Sponsor Jim Grillo**

Subject: Nevada State Elks Association Vice-President Final Report

It is my pleasure to report my activities as your Vice-President. This report will cover my responsibilities for State Major Project Ways and Means, Elks Training and NSEA Vice President.

For State Major Projects Ways and Means, there have been a number of hours spent on the computer putting letters together, sending emails and having meetings. A letter was sent to all lodges requesting that at least one gift basket and silent auction items be provided from each lodge for the SMP luncheon. All necessary arrangements have been made with the Convention Chair of Boulder City Lodge which is hosting the Annual Convention for the luncheon.

Now for Elks Training, I had compiled a new test in October and still waiting for it to be posted on the state website. The test has twenty questions and covers the various manuals that all Officers and key members in your lodges should be familiar with. These questions will increase the knowledge of Grand Lodge Rules and Regulations, Grand Lodge Auditing and Accounting, Protocol and Elks Rituals just to name a few.

As Vice-President, Marie and I have traveled to as many State President visits possible. In addition, we have had attended way too many memorial services. We were able to attend some of the Installation of Officers for various lodges. In addition, I attended the North District Deputy Grand Exalted Ruler Clinic at Tahoe/Douglas Lodge.

Now for just a few numbers. During my duties of planning, meetings, reporting and travels I have documented the following numbers:

Total Hours – 235 hours
Miles Traveled – 2,583
Expenses Accrued – \$856.80

This concludes my report and I look forward to continuing to serve the Nevada State Elks Association as President Elect should the members at this support me.

President Wells, Distinguished Guests, and Members,

This report is to inform you of the "Flag Day" ceremonies held by the Elks Lodges in Nevada. The reporting into the NSEA reporting system improved greatly, with eleven of the sixteen Lodges reporting their activities. With the additional Lodges reporting since our last meeting, I thought I would call out the other Lodges that had unique ceremonies.

Mesquite Lodge conducted their ceremony at the City Council Chamber with the assistance of their Veterans and the Police/Fire Honor Guard as well as local children to present the flags. They report a great turn out.

Boulder City held their ceremony at their Lodge. The Lodge Boy Scout Troop 7 presented the flags with the reading of the history. They completed the ceremony with an ice cream and cookie social.

Henderson Green Valley held their ceremony at their Lodge with the assistance of the Lodge Cub Scouts.

Laughlin held their ceremony along with a Barbeque and lessons on folding the flag with the local girl scouts.

This update of my report re-affirms that there are some great Flag Day ceremonies held in our state, I just want to say Thank You to all the Lodge Flag Day Chairpersons that took the time to report their awesome events.

Using the information available through the NSEA reporting system, the following are the updated totals incurred.

HIDES REPORT
April 11, 2022

President Dan and guests,

The Hides Committee at the MidTerm Convention at Reno Lodge distributed a packet to each Exalted Ruler which included: one leather glove, a GL article describing how/where collected hides are processed, information sheet describing how to collect hides as well as preparation, storage and handling.

Throughout the year Lodges were contacted regarding progress or questions.

As of January 2022 only 2 hides were collected statewide. This is primarily because there are fewer hunters, Lodges are not interested in participating in the program as well as perceived storage problems. This is particularly frustrating because Reno Lodge has a shipper who will ship the hides for free – a luxury most Lodges across the country do not have.

The GL Hides Chairman recently informed me that 4 states have decided to no longer participate in the program for the aforementioned reasons. I would recommend Nevada consider this action.

Number of non-Elk Miles	1882
Value of items Contributed	\$3,436

This has been another very bad year for Elkdom due to the COVID-19 Virus, which canceled many Elk functions again! However, we seem to be back on track for our NSEA State Convention April 21-24, 2022.

The VA Hospital System in Northern Nevada covered by Ted Balash, activities were resumed and the Southern Nevada Healthcare System covered by Dona Hoesly, some activities were mostly resumed. The Veterans Home in Boulder City covered by Tim Murray, activities were mostly resumed.

I thank those Elks that were still able to get things done under the circumstances!
